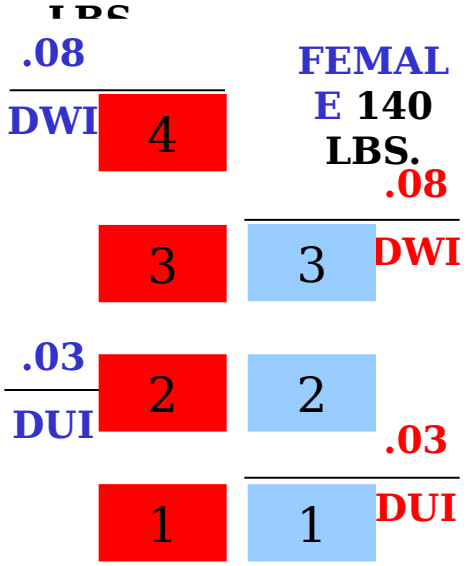
How much is too much?

Drinks in one hour to reach .08 (DWI)/.03 (DUI)[1]:



Drivers at .08 BAC are four times more likely to cause a crash than .00 drivers.

[1] DWI = Driving While Intoxicated/DUI Driving Under the Influence

The price you pay for DWI.

*Loss of license

*Fines/Points

*Insurance increase

*Career ending ???

In 2002, 75 sailors died in their private motor vehicles – 27 of these were alcohol-related. That's 36%

In the U.S.A., three out of 10 people will be in an alcohol-related crash in their lifetimes – UNLESS there's a change.

Choose wisely you drive.
